
YUKON FISH AND WILDLIFE MANAGEMENT BOARD

February 26, 2020

Ed Schultz

Lands and Resources Director

Council of Yukon First Nations

Dear Mr. Schultz,

Thank you for taking the time to meet with us during our February 2020 Board meeting. We want to reiterate that you are always welcome at our future Board meetings, and we sincerely hope you can attend on a regular basis, as your schedule allows.

As we discussed during your introduction to the Board, we are very interested in future engagements with the Lands and Resources branch of CYFN, or with the Lands and Resource Directors.

We would like to meet and discuss the proposed changes to the moose harvest management regulations and we would very much like to hear from you on this matter.

In addition, if there are any updates or meeting the Board can attend with regards to the climate change declaration and subsequent initiatives, we would be happy to learn more about the First Nation perspective.

Once again, we are very much looking forward to maintaining engagement and positive dialogue with your branch on matters relating to fish and wildlife.

If you have any questions, please contact our Executive Director, Graham Van Tighem, at (867)-667-5835.

Thank you.

John Burdek, Chair
